

Save \$100-300/Month on Rent — Designed for Incoming Residents

Starting residency is exciting — but finding affordable housing on a PGY-1 salary in a high-cost city shouldn't be the hardest part. SweetLease negotiates group rent discounts for incoming resident cohorts, so you can focus on what matters: your training.

How It Works

Step 1: Your Program Shares SweetLease — Your GME office or residency coordinator shares this resource before you arrive

Step 2: We Aggregate Your Cohort — We combine housing demand from incoming residents at your hospital to negotiate group rates

Step 3: You Save on Rent — Access pre-negotiated apartments near your hospital at 5-15% below market rate

What You Get

- ✓ Pre-vetted apartments within commuting distance of your hospital
- ✓ Group-negotiated rent discounts (\$100-300/month savings)
- ✓ No credit history barriers — we use employment verification
- ✓ Move-in coordination timed to your July start date
- ✓ Zero cost to you or your program

Real Results

In a recent match cycle, 45 incoming residents at a major academic medical center used SweetLease. Average monthly savings: \$267. Annual savings per resident: \$3,200. Zero cost to the program.
